LEDVANCE® Floodlight LED

LEDVANCE® Floodlight LED

The LEDVANCE® Floodlight LED with sensor features a true IP65 sensor design, frosted tempered glass with an impact rating of IK07 (reinforced) all in a compact and robust package to provide an ideal flood lighting solution for both commercial and domestic applications. The LEDVANCE® Floodlight LED with sensor is available in 30W and 50W.

LEDVANCE® Floodlight LED family is also available as standard models without sensor with either black or white housing colours and across variety of wattages, 10W, 20W, 30W & 50W to provide an optimum solution for a variety of applications. The housing is made of a premium grade polycarbonate plastic and has an aluminium heat sink for optimum cooling of the luminaire for prolonged lifetime (30,000 hours).

Product name	Product Code (EAN)	Colour	V	W	lm	CRI	lm/W	K	△	t ₉₀	Dimensions L x H x D [mm]	Guarantee [years]*
